Introduction

St. Patrick's & St. Brigid's College aims to protect the well-being of its pupils and staff by providing a safe and nurturing environment at all times.

The Board of Governors, through the Critical Incident Management Team has ratified a Critical Incident Management Plan (CIMP) as an element of the school's policies within the Pastoral Care arrangements.

A Critical Incident Management Team (CIMT) has been established to steer the development and implementation of the plan.

Definition

The Governors and staff of St. Patrick's & St. Brigid's College recognise a critical incident to be "an incident or sequence of events that overwhelms the normal coping mechanism of the school". Critical incidents may involve one or more pupils or staff members, or members of our local community.

Types of incidents might include:

- The death of a member of the school community through accident, violence, suspected suicide or other unexpected death
- An intrusion into the school
- An accident involving members of the school community
- An accident/tragedy in the wider community
- Serious damage to the school building through fire, flood, vandalism, etc.
- The disappearance of a member of the school community.

Aim

The aim of the CIMP is to help our school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to pupils and staff. Our plan should help ensure that the effects on the pupils and staff will be limited. It should enable us to effect a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

Our curriculum and pastoral care arrangements aim to help and support both staff and pupils, thus preparing them to cope with a range of life events. These include measures to address both the physical and emotional needs of the school community.

Critical Incident Management Team (CIMT)

A CIMT has been established in line with best practice. Members bring a wealth of experience and expertise to the team and were selected on a voluntary basis and will retain their roles for at least one school year. The members of the team will meet biannually and after an incident to review and, if necessary, update the policy and plan.
